*Advance Directive-Living Will*

---

An advance directive or living will is used by an individual to indicate their voluntary, informed choice of accepting, rejecting, or choosing among alternative courses of medical treatment. An advance directive or living will is a document which allows you to give written instruction to those caring for you indicating the type of health care you would wish to receive or reject in the event you become unable to express these decisions yourself. The facility's policy is: that if an adverse event occurs during my stay, based on reasons of conscience, all reasonable efforts will be taken to revive me, including resuscitative or other stabilizing measures and I agree to proceed with the proposed procedure as scheduled. If you have an Advance Directive or Living Will, please bring your advanced directive to the SurgiCenter the day of your scheduled procedure. If you do not have an Advance Directive/Living Will, information is available at the reception desk.
